CRUISE

TIERRA DEL FUEGO CRUISE

Discover the southern edge of the world in this fascinating adventure. Here you will discover a different world - a paradise of forests, ice and sea, a place where you will be astonished by the rich variety of flora and fauna.

Cruceros Australis navigates between the Argentine city of Ushuaia (the southernmost in the world) and the Chilean city of Punta Arenas, including the Strait of Magellan, and the Beagle Channel in the extreme south of the American continent.

Impressive glaciers, native forests, penguin and elephant seal colonies can be seen on the journey towards the mythical Cape Horn, declared World Biosphere Reserve by UNESCO. Includes daily excursions in Zodiac boats, directed by the multilingual expedition team, complemented by cultural lectures about the natural surroundings. The cruise is "all-inclusive" breakfast, lunch, dinner and Open Bar for wine, beer, liquor and other beverages. The menu combines international cuisine and local recipes, which allows the discovery of the delicious and varied regional gastronomy, accompanied by Chilean and Argentine wines

Tierra del Fuego

4 day/3 night from US\$840.00

5 day /4 night from US\$1,120.00

CHILEAN FJORD CRUISE

There is no comparable cruise of the South American Pacific coasts and only a few anywhere else in the world. On this journey you will enjoy the extraordinary variety and beauty of scenery, all in the comfort of your cruise boat. The motor vessel Skorpions III sets sail every Saturday evening from Puerto Natales, 247 kms to the north of Punta Arenas, on a four day cruise through the channels and fjords that border the glaciers and Southern Ice Field of the Chilean Patagonia.

Skorpions

4 day/3 night from US\$1,180.00

GALAPAGOS ISLANDS CRUISE

Today the Galapagos remain a living laboratory of evolution where animals and birds have no fear of man.
